

Emilie El Chidiac

Design Technology Architect

chidiacemilie@gmail.com · linkedin.com/in/EmilieElChidiac · github.com/hi-em · hi-em.github.io/eec-portfolio · Barcelona | Beirut

Computational tools that model how architecture affects the people inside it, and change the design before it's built.

EDUCATION

Master in Advanced Computation for Architecture and Design (MaCAD) · IAAC, Barcelona 2025 - Present
Year 1, the technical year, complete. Year 2 is the thesis. MaCAD Awards 2026 winner (Sensi, Design Copilots).

Bachelor of Architecture (NAAB & NASAD accredited) · Lebanese American University, Byblos 2018 - 2023
Dean's Distinction List, GPA 3.7/4.0. Honor scholarship all consecutive terms. Design project featured in the Biennale Arte 2024.

EXPERIENCE

Project Architect · Dynamic Solution Co., Kuwait Aug 2024 - Present
Interactive exhibition booths, stage and experiential design for major brands with Grasshopper; parametric and SubD modeling for 3D-printed products; office, retail, and showroom design.

Design Architect · SOMA, Dubai | Beirut Aug 2023 - Jul 2024
Verve (City Walk), District O, Enara, Saria: led facade and massing studies in Rhino and Grasshopper, developed BIM models for floorplans, interiors, and masterplan documentation.

BIM Modeler · BIM International, Beirut Jun 2023 - Aug 2023
LOD 300 BIM model for Hotel Norman's Cay Villas, Bahamas, in Revit: structural, architectural, and interior integration, specializing in wood construction and parametric families.

Design Architect · Self-employed Jan 2022 - Present
Rings of Mars: Ring 4000 for Marsception (Top 50) with AI-driven workflows; ongoing workshops and research in computational design and emerging technologies.

Architectural Intern · Jemma Chidiac Architects, Beirut Jan 2022 - Aug 2022
Pre-concept design for the Moujassam Watan (Al Khobar) and Cemetery Challenge (Anfeh) competitions; research for the Abdullatif Al Fozan Award on mosque architecture.

Research Assistant · LAU XR Lab, Byblos Sep 2021 - Jan 2023
3D models and animations of chemical reactions for AR-based interactive learning; research on VR integration and engagement in education.

AWARDS

- 2026 MaCAD Awards, Design Copilots category winner: Sensi (the only trophy of the cohort)
- 2026 Jury award, AIA Generative AI: IEgoarCh
- 2026 Studio award, BIMSC Studio: The Lungs
- 2025 Studio award, ACESD Studio: The Huddle
- 2024 Design project featured in the Biennale Arte 2024, Venice
- 2024 Volume Zero, Marsception: Top 50 (Rings of Mars: Ring 4000)
- 2023 Tamayouz Excellence Award: Top 100 graduation projects
- 2022 Ctrl Act Design, The Cemetery Challenge: shortlisted finalist

SKILLS

COMPUTATIONAL	Grasshopper · Three.js · Kangaroo · Python · GenAI workflows
BIM & DELIVERY	Rhino · Revit · Rhino.Inside · Speckle · Construction documents
WEB	Vue · React · TypeScript · Tailwind
VISUALIZATION	V-Ray · D5 Render · Lumion · Adobe Suite
LANGUAGES	Arabic (native) · English (advanced) · French (advanced)

CERTIFICATES

- PA: AI-Augmented Creative Workflows: Generative Techniques
- PA: Taking Control 4.0: ControlNet x ComfyUI in Architecture
- PA: Synthetic Vernacular using Artificial Intelligence 2.0
- PA: Revit Flow 3.0 with Rhino.Inside: Dynamic Facades
